

## XPLORE™ D10 RUGGED TABLET PC

### RECOMMENDED ACCESSORIES

#### XDock G2 VEHICLE DOCK

- Holds tablet in place under extreme vibration and stress
- Locks in tablet for secure Vehicle Docking, with easy one hand release
- Resistant to water and dust ingress

#### INDUSTRIAL DOCK

- Sturdy desk stand holds device in place for touch usage
- Includes xDIM G2 Docking Interface Module, provides power to tablet, and 2 USB ports for attaching keyboard or other peripherals

#### COMPANION KEYBOARD

- Keyboard completes the popular 2-in-1 form factor allowing the best of both tablet and notebook
- Full travel tactile feedback keyboard
- No need to charge the keyboard; it's powered by the tablet
- Closes to cover display glass for protection and convenience

#### MOUNTING HARDWARE & ACCESSORIES

- Mounting hardware and supporting accessory examples:
  - Vehicle pole mounts & bases
  - Multi length pole assemblies
  - Swivel mounts
  - Console mounts
  - Truck mounts
  - In-Dash mounts
  - Keyboard mounts
  - Power distribution
  - DC power supplies
  - Timers and surge protectors
  - Printer and special mounts

#### ADJUSTABLE SHOULDER STRAP

- Makes carrying the tablet a breeze
- Allows use of both hands while carrying the tablet

#### BATTERY CHARGING STANDS

- Rugged design stands up to the critical demands of industrial use
- Choice of 2-bay or 6-bay model
- Simultaneous charging of all bays
- A conditioning button conditions and calibrates batteries on demand, and a reverse-pulse charging prolongs battery life
