

PREDICTABLE, OPTIMIZED AND VISIBLE ENTERPRISE MOBILE DEVICE MANAGEMENT.

Abe360 is an Enterprise Mobility Management Platform that simplifies your enterprise mobile environment. Five unified modules put you in total control of your entire mobile device fleet.

WHY DOES ABETECH RECOMMEND MOVING TO THE CLOUD

The cloud is no longer a trend, but the direction of the industry.

1. Version control and scheduled upgrades
2. Connectivity from anywhere
3. Remote support provided through AbeTech
4. Elimination of capital expenditures for server environment
5. Disaster recovery
