

# T-RANGER

Highly customizable rugged tablet

## Key points

### Incredible connectivity

Bluetooth®, Wi-fi®, and NFC allow for any type of wireless connection, while HDMI, and two USB ports can connect to almost any wired peripheral.

### Slim & rugged design

Rugged bumpers protect the tablet from accidental drops while still maintaining a sleek and modern design.

### All day battery

The 10.000 mAh hot swappable battery extends operating time without interruptions.

### Integrated 2D Barcode Scanner

A fully integrated 2D barcode scanner makes the T-RANGER the ultimate data capture device, while the 10" screen enables the operator to easily work with the captured data.

### Customized accessories

Specifically designed to support customized expansion modules for different functionalities to suit your specific applications.
